Warning Tape

We are one of the Prominent Manufacturers, Suppliers and exporter of a quality range of Warning Tapes, which is made up of superior quality polymers. Warning/Caution/Barricade tapes alert the public to a danger zone and gives clear instruction about authority. These tapes are appreciated for high quality standards. These tapes are quite influential in quickly warning the excavation crews of the existence of buried pipes and cables before damage could actually occur.

These Warning, Barricade & Caution Safety Tapes are perfect for lane marking and hazard identification and these tapes are widely used in underground facility like gas pipeline, Construction safety, electrical & telecom cables and oil pipelines & water pipeline and others. It can also be used to identify and barricade hazardous areas or elements above & below the ground and can warn of physical hazards & dangers such as low pipes, ceilings, steps & doorways. When applied to trucks, forklifts & other vehicles, it increases hazard awareness. They offer an economical, disposable marking solution and can be tied, stapled or nailed to posts, fences or metal barricades.

Specifications:

Feature	: Heat Resistant, Waterproof
Size	: 1 inch, 2 inch, 3 inch
Thickness	: 100 micron
Width	: 50mic to 500mic
Color	: Yellow and Red
Material	: Polyethylene
